The description refers to the “second week will be all-day pony camp.” This is referring to the second week of summer camps, July 6-8 and the staff for the Youth Day Camps will be working in the Pony Camps on page 17 of the Rec Guide during that week. The theme for the second week of Youth Day Camp on page 30 (program #13317) is Wild West Days and the description for that theme is on the same page and note that there is no pony riding.
